

Emergency Information Update

Passcodes — This is a word and/or number 3-10 digits long that the monitoring center will use to identify who you are over the phone. If you do not know your current passcode write “DL” in the area marked “current passcode” and attach a copy of your drivers license for proof of identification.

Call to verify #'s — Are phone numbers you want the monitoring station to call before the police are called (ie. Home phone #, and/or a mobile phone etc.)

Persons to be contacted — These are family members, friends, or neighbors that you want the monitoring center to call after they have contacted the authorities.
